EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Howard Lee on March 10, 2006.

The application has been amended as follows:

In claim 1, please replace "b is a value of from a to 3" with

-- b is a value of from 0.8 to 3 --.

Also in page 3, line 15 of the Specification, please replace "b is a value of from a to 3" with

-- b is a value of from 0.8 to 3 --.

Applicant had been advised that the original definition of the variable "b" was possibly indefinite insofar as "a" was directed to a range and "b" was said to be equal to "a to 3". The Examiner explained that it was unclear whether Applicant had intended to stipulate that acceptable values of "b" were from 1.5 to 3 or 0.8 to 3. Applicant authorized the above amendment. The Specification was amended merely to homogenize the language in the claims and broader disclosure.

In response to the Examiner's correspondence dated November 11, 2005, Applicant has amended claim 1 to include the limitations of original claim 4. The Examiner did not find mention of the silicone oil component in the context of it having been combined with a matting agent hence claims 1-3 and 8-12 are deemed allowable.

The prior art contains mention of several silicone based release coatings to which are added matte agents. However, in all cases, the host polymer has a significantly higher degree of polymerization than do those encompassed by Applicant's claims and they so not necessarily possess the required long-chain hydrocarbon substituents. See, for example, Sanchez et al., U.S. Patent # 6,221,485, and Kobayashi et al., U.S. Patent Application Publication No. 2001/0025080.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Marc S. Zimmer whose telephone number is 571-272-1096. The examiner can normally be reached on Monday-Friday 8:00-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Randy Gulakowski can be reached on 571-272-1302. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
